Carbel

SWISH

VRR...
It's too cramped in here.
GRIN
Why don't we move our stage to somewhere higher?

You've finally appeared...!
Vampire.

The day I first saw its like,

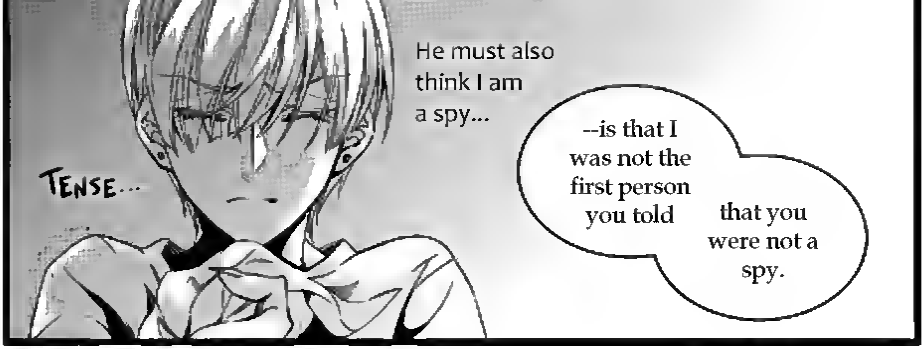
as a helpless child,
I could do nothing but watch my parents being torn to pieces.

BUT
CLENCH
Not this time.

Sound the alarm.
Roger!
All Hunters are to assemble immediately.
If it's a vampire,
exterminate.
If it's a mutant,
capture for research.
Either way, it will learn what true agony is.
...What about the location, sir?
Hasn't it told us already?
There's only one place higher than the top floor.

What were you thinking?
Coming here alone...
The roof.
Don't worry.
Louis and Olivia will be here shortly.
CRUSH
Oh, but
I didn't tell them our exact location.
I only told them the address.
...You cheater!!

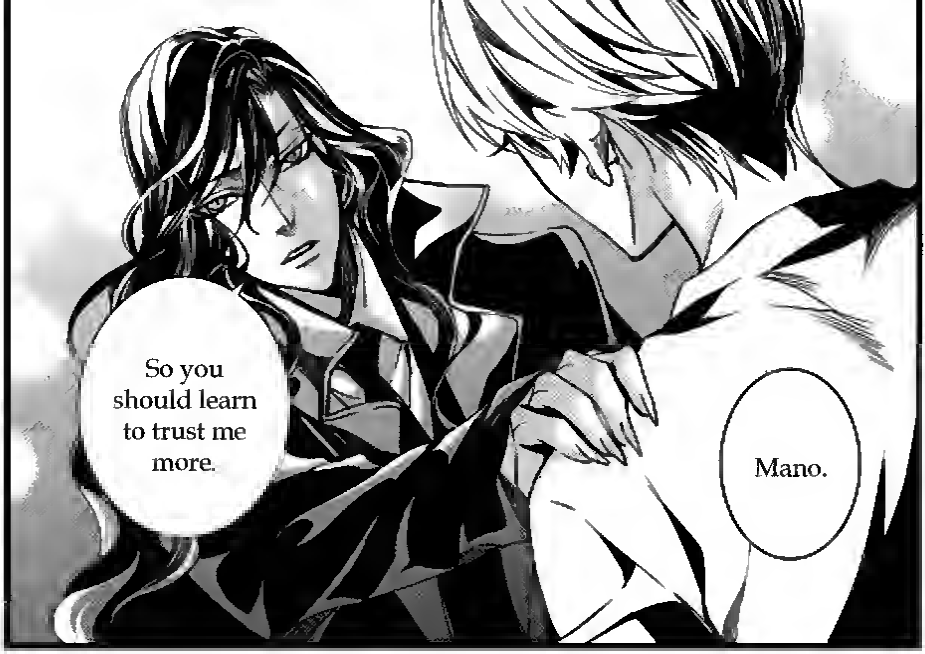
TAP...
It will take some time for our guests to arrive.
Before that...
GRAB
You, do you understand what you've done?
Absence from work without permission.
That was because the chairman gave me a task...
Starving me without my consent.
Which was why I left you those blood packs.
Whatever, I got so mad I burst all of them.
What?!!
But by far, your biggest mistake—
As I feared,
it must be...



TENSE...
He must also think I am a spy...
--is that I was not the first person you told
that you were not a spy.

You brat,
I knew your reason for entering the library from the beginning.
That's why I put you under surveillance at first
and disposed of anything that could be used against you

If I had had any lasting suspicions
I wouldn't have made you my contractor



So you should learn to trust me more.
Mano.

What is your answer?
...Yessir
SHAKE
SHAKE
Where is your "I'm very sorry"?
...I'm very sorry, sir

Good.
STROKE

The pain in my chest
has disappeared.

Carbel,
I also...
WHAM
...
You're here.
Hunters.

Alert! Alert!
Unauthorised persons have gained access to the company grounds
All employees are urged to evacuate immediately.
All floor seven employees are to assemble on the rooftop
I repeat...
7F
Now then, while the chief is distracting the Hunters,
we just have to destroy all the data relating to the mutants, right?
I will take care of the office. The lab is all yours, Olivia.
Got it.

Hmm...
let's see
What should I smash first?

...Oli...via.
BANG
BANG

KLN!
SWISH
Allow me to return these.
UGH
WHISH

...
What is wrong?
Just as you have desired
the mutant you wanted to capture so badly has appeared before you.
Is this the extent of your power!
HAAH..
OWIE..
No way.
This guy is totally different from the Gourmets.
It's too strong.
But, nothing is impossible.
It seems I have underestimated you.
My apologies...

We shall now fight with our full strength.
It may beat us in terms of strength but we have the upper hand when it comes to numbers.
If we attack at the same time, it won't be able to block everything even with its strength.
YAAH!!
CAPTURE THAT MUTANT!!!
...Excellent. This will do.

What just happened?
...My head feels like it's about to explode.
...This can't be.

I've never heard of a vampire that could use the power of words
No!
If I lose consciousness now,
I will forget everything.
Everything related to the mutants...
Could it be...
Seho...
Even my memories of Mano ...?!

Mano...
You used to follow my every word.
If it was for me,
you would even lie.
You would do anything...
With your looks, I'm positive that you'll be hired!

But why
did you lie to me?
You've found companions...
They have become important to you.
Even more so than me.
Mano ...

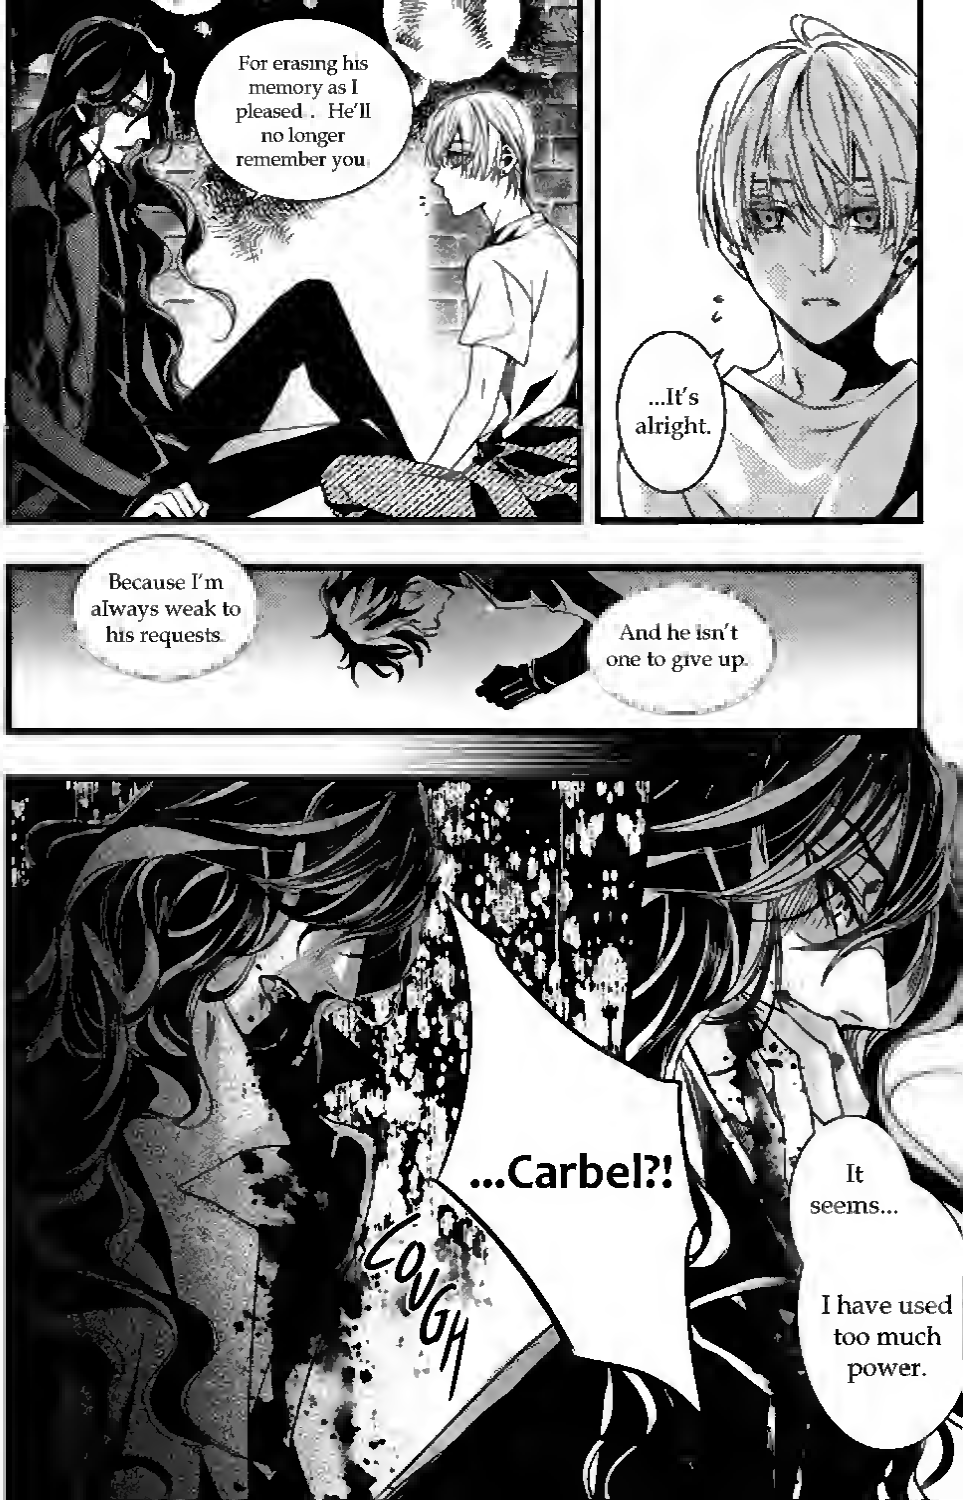
You're a cruel man
CRACKLE
...to the very end.

SNAP
BOOM

Did you see that? The top floor just exploded!
Quick, someone call 911!!

They're really some-thing.
OH WOW~
Those mutants...
STAGGER
Are you alright?
STARTLED
...Let's rest for a moment
Haa...
...I am sorry.
For what?



For erasing his memory as I pleased . He'll no longer remember you
...It's alright.
Because I'm always weak to his requests.
And he isn't one to give up.
...Carbel?!
COUGH
It seems...
I have used too much power.

"I got so mad I burst all of them."
Since then...
...how many days have passed?
You...
SHOVE
Get far away from me. Now.
Soon I will lose my ability to reason, and as my contractor you will be in grave danger.
...I could kill you
...No.

You told me to trust you, didn't you? So I trust that you won't kill me.
So stop talking
and just take my blood.
